REFLECTIONS

Alyce Turner

Twelve long years I struggled
Across the tropical forests
Beset by typhoons and heat
The density of the jungle wearied me
But on and on I labored
Until finally
I saw the shore
So beautiful and clear
With the white waves lapping up
On the satiny beach
And I was glad
And filled with satisfaction
For a job well done.
Before my gaze the sea
Quite suddenly
Lay calm.
The terrific struggle
Over
I knew the world beyond
Joy surged through me
Strength
And a feeling of fellowship
For man ahead.

DEDICATION

To her who began our publications and has so faithfully guided their development . . . In sincere appreciation of her efforts in our behalf, we whole-heartedly dedicate this issue of the Annual to Mrs. Maude Blair Roberts.

In these tremendous days of great opportunities and serious responsibilities among the nations of the world and organizations of influence and power for good or evil, education assumes its responsibilities. With eyes wide open and face to the front, it aims to take its share and carry its load in developing the noblest and the best in its students so that they, in the midst of ruin wrought by evil powers, may unite to build a civilization and a mighty nation that can stand against the wreck of elements, and out of chaos bring order and victory.

To have a civilized nation strong and wise enough to take its place in the world, a nation must have developed strong and wise citizens. The home and the church must unite with the schools to help develop good citizenship if this goal is to be attained. To become a good citizen, a student must have a high sense of honor, of duty, and of loyalty to school and to country, and a knowledge of what he is planning to do.

These qualities can be achieved in many ways. When one way which in the past sufficed no longer accomplishes this end, another way must be found. Many of the actual things we do have been done for years before us; many of the things we do are native to our day. No matter how the form of a tradition is changed, the tradition still lives if its end is accomplished.

The one tradition of Sharon High School from which all others stem or grow is that Sharon High attempts to produce men and women who are honest, loyal, truthful, upright, and courageous citizens.

It is the individual responsibility of every person connected with the school and education to strive to uphold and add to the glorious traditions of the past.

C. M. MUSSER

One of the greatest miracles of man is his character. Without a good character he is about as useless as an empty boat floating on the water. To have real character he must foster and develop certain traits which will enable him to contribute to the building of a better world.

Every individual is not blessed with an abundance of resourcefulness and initiative, but every individual can accept responsibility and can be honest. We have found that responsibility and honesty, coupled with the God-given abilities portioned out to each man or woman, will take one over the rough spots and enable him to assume a place of service in the world and to live a life of contentment.

PLACE OF DREAMS

I see no tired or unhappy faces here in Hawaii. To the strains of age-old Hawaiian music, lovely young Hawaiian girls dance their rythmic Hula under the stars—and often under a moonlit sky. Fragrant native leis, and potted flowers, are evident everywhere. There are no seasons here—just one long, perfect Summer day! Even the birds seem happier here.

From the street side of the hotel, roads and avenues extend like fingers, reaching, as though to touch the heights of the mountains beyond where interesting homes are dotted everywhere. A road to the left takes you to the city, to Pearl Harbor, and to the great sugar and pineapple plantations. A road to the right takes you toward Diamond Head, and to a shore drive, like nothing I know about. Beauty, interest, and ever-changing scenes.

I asked a native Hawaiian how his people happened to find these beautiful islands. He looked seriously into my eyes and said: "God made these islands, and then He created the Hawaiians expressly for them!" I think that he spoke the truth. He certainly could not have given such a Paradise to a more lovable people. Nor could a great nation be prouder of such a heritage.

BOARD OF EDUCATION

Citizens of Sharon, these are the men who have so successfully carried on your public school system.

Meeting monthly, their duties consist of planning the educational program, raising and budgeting school funds, and the employment of all personnel. They also discuss ways of bettering the students' program of education and improving their schools.

This board is composed of seven members, elected by the voters of Sharon. The Superintendent of Schools is the educational adviser of the Board and the solicitor acts in the capacity of legal adviser.

ADMINISTRATION

Responsibility for administration of Sharon schools rests upon the shoulders of these three men. Evidence of their successful program is explained by the standing which the schools have gained in educational circles of Pennsylvania.

Mr. Cleon M. Musser, superintendent, has under his supervision eight grade schools, the Junior High school, and the Senior High school. Regularly scheduled principals' meetings are a means of linking together the efforts of our schools. His cordial greeting is familiar to all of us.

Mr. Stanley N. Currier, principal, and Mr. A. Parker Wildman, vice-principal, through their efforts have made our school one of which we can well be proud. Our hats are off to those men and to the manner in which they are planning our education.

Mr. Cleon M. Musser

Mr. Stanley N. Currier

Here is the gate, and beyond is the future;
The shelter of home is behind.
You are eager to see what tomorrow will bring,
You have new independence to find.

Pause and look back before lifting the latch—
Remember the laughter and tears.
Be proud of work done, of the thrill of success,
Of friendship outlasting the years.

Picture your life as you want it to be—
With scalpel, or pallet, or pen;
Feel the hoe in your hands, lift the hammer aloft,
Seek textbooks to study again.

Here is the gate, and beyond is the future—
Your future—waiting for you.
Put your hand on the latch, wave a breathless goodbye
Then open the gate and pass through.

RALLIES AND ASSEMBLIES

On September 18th, Lew Johnson presented a most interesting and educational assembly dealing with nature. Martha, a charming snake, and our friend, the banana spider, were the main topics of discussion.

September 29th was the rally in which Sharon High's Tiger made its grand entrance. And what a tiger!

The Anderson Circus gave us an enjoyable Activities period with entertainment by dogs and monkeys on October 19th.

Oh! if Farrell could only have been at our rally when Sharon (Paul Glenn) knocked out Farrell (Frank Zahn)—poor boy!!

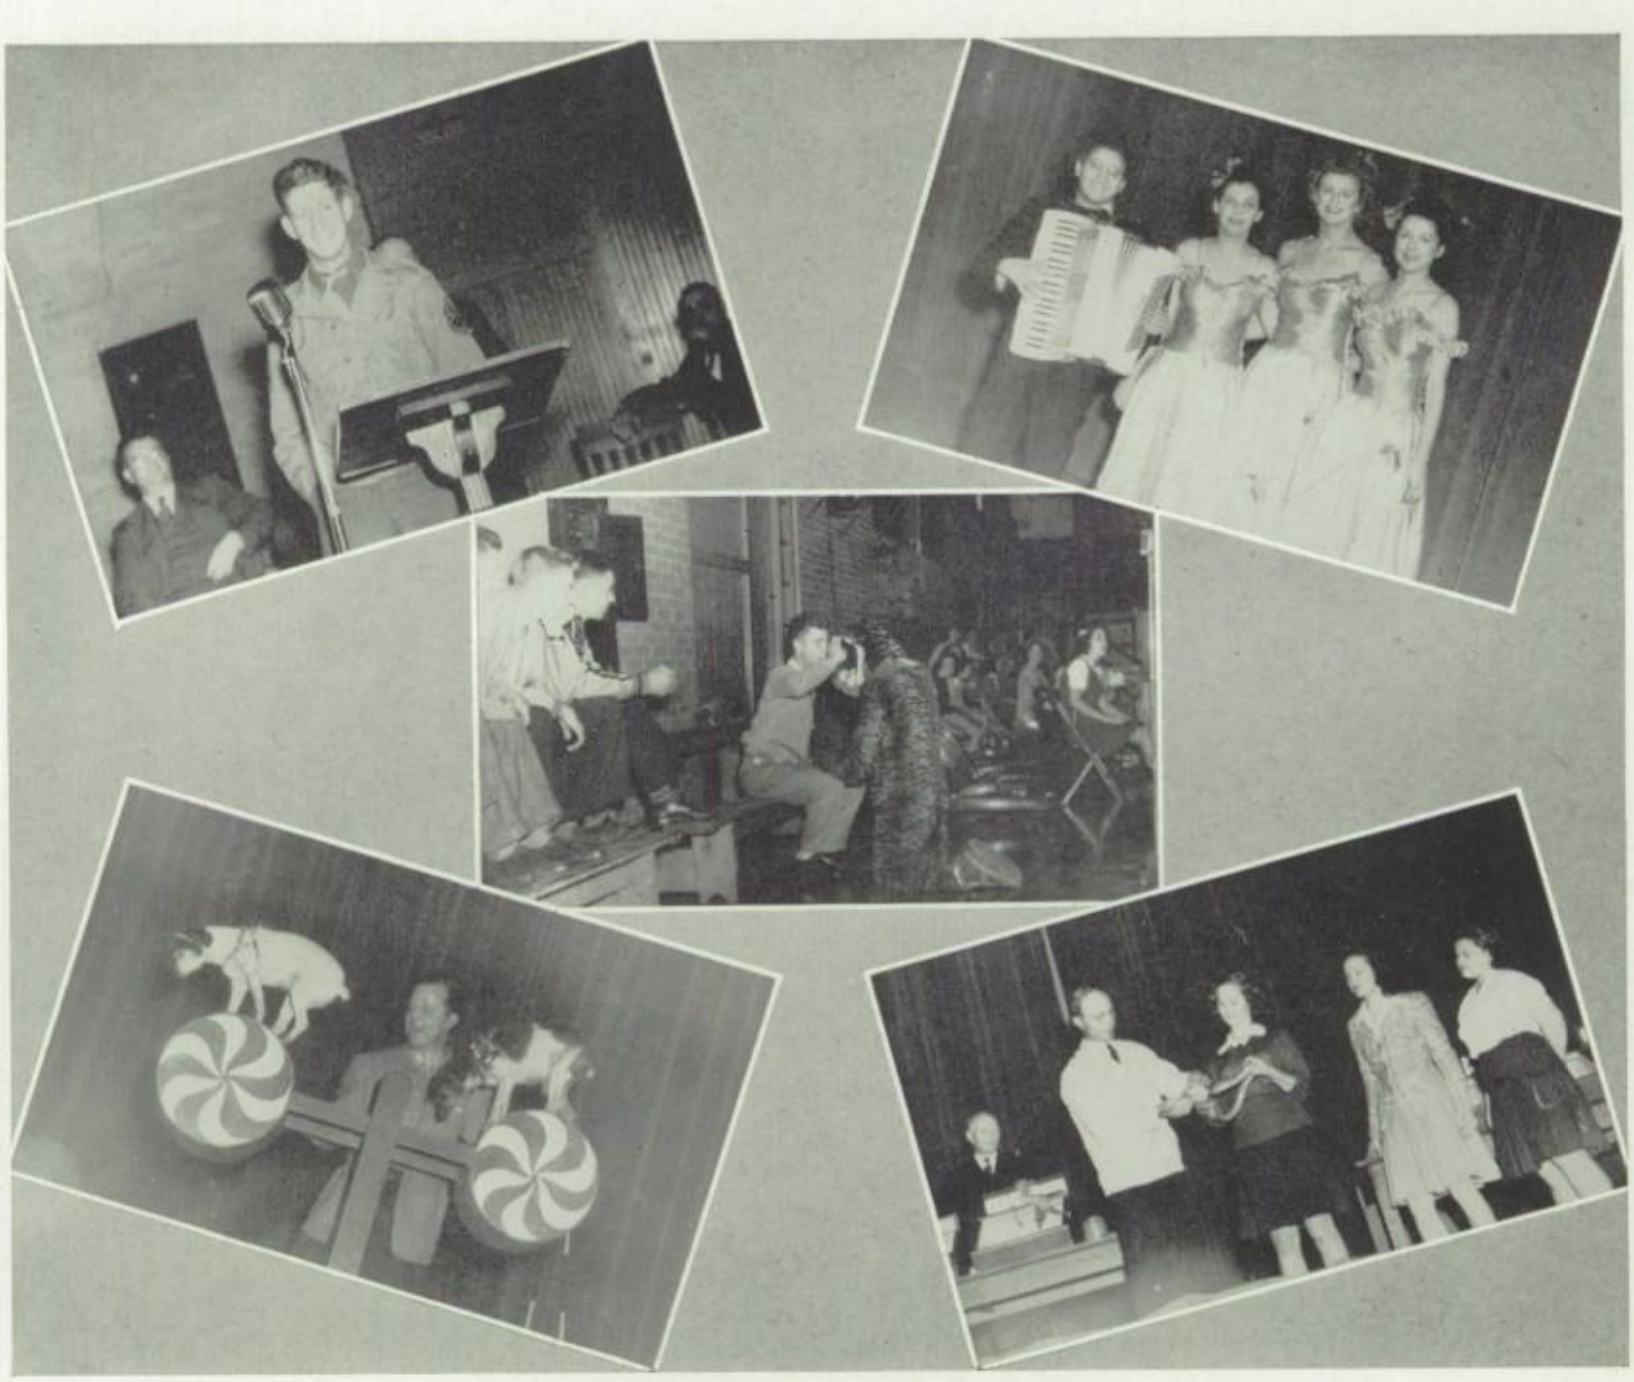
Mr. Fruit presented a patriotic speech for Armistice Day program.

The "Grand Finale" before Christmas vacation was the humorous Masque and Gavel play. You should have seen Midge Teague's hairdo.

A Science Assembly presented by Du Pont gave very valuable information on plastics.

Major Dobson spoke to both the boys and teachers on January 10th on education and the G. I. Bill of Rights.

Excitement and enthusiasm were in the air at the Rally on January 24th before the Farrell-Sharon basketball game in W. P. I. A. L.



INDUSTRIAL ARTS

INDUSTRIAL ARTS DEPARTMENT

F. N. Newton, Jr. ..... Supervisor
Robert F. Holt ..... Mechanical Drawing
Howard Pile ..... General Metal Shop
Irvin Gubser ..... Advanced Wood Shop
Andrew Franko ..... Seventh Grade Wood Shop

Because of the rapid changes which the machine age forces on modern social life, Industrial Arts are more important than ever in helping the student solve actual problems. This universal approach to learning is through purposeful activity.

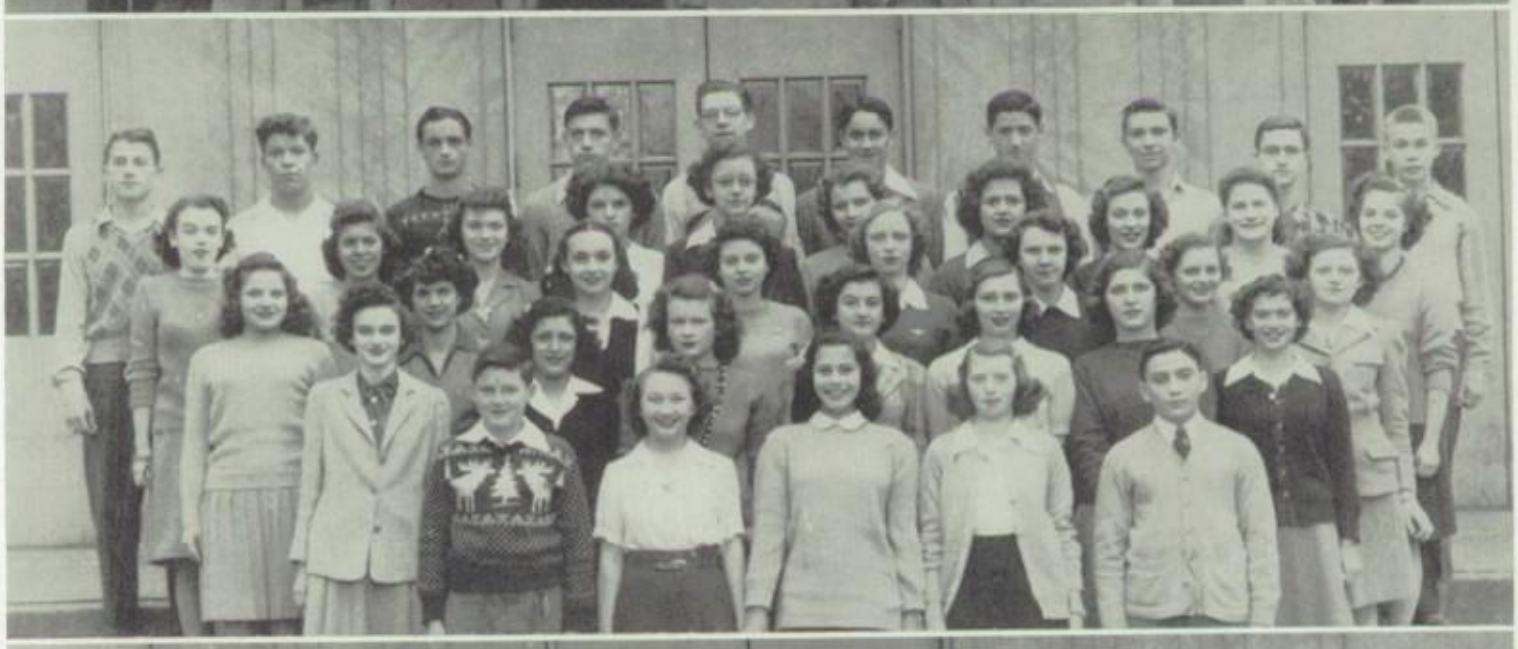
THE GENERAL METAL SHOP, taught by Mr. Pile, consists of five units of metal work: Machine Shop, Sheet Metal, Ornamental Iron, Art Metal, and Foundry.

The making of these projects requires accuracy and skill. The highest end of craft instruction is to develop a sense of appreciation and good craftsmanship.

THE ADVANCED WOOD SHOP is taught by Mr. Gubser. This work takes up where 7th grade wood shop stops. The student learns more fundamentals and gets training and practice in furniture making, cabinet making, pattern making, and wood finishing. A study of the structure and use of the most important domestic and foreign woods is also included in the various woodworking courses.

IN THE MECHANICAL DRAWING department, Mr. Holt teaches the high school elementary course; Mr. Newton, the advanced classes; and Mr. Franko, the 7th grade boys.

The purposes of this course are to prepare the student for advanced technical training, and to give him enough related technical information to enter and identify himself with the industrial life of the community as a producer or as a consumer.



MONITORS

The monitors are a group of picked boys and girls who act as guides for visitors, help fellow classmen observe rules, and maintain order. There are nine squads, one for each of the regular periods and one before-school squad. This system of law and order was started approximately fifteen years ago, and has been improving during the years until now we feel that we have one of the best organizations at Sharon High.

Monitors must obtain their recommendations for this job from teachers who will check the student's suitability for monitor service. Substitute monitors are secured who will be willing to take the place of regular monitors for various reasons. These people are considered just as important as the regular monitors.

Mr. Wildman, our Vice-Principal, has charge of all monitors and helps them to enforce the Monitor's Code of Behavior and Permit Rules. David Marshall is Captain of Captains.

We have a Captain's Council Committee, namely, Citizenship, Booster, Social and Program, and Publicity, each of which plans projects to be carried out during the year.

HOME ECONOMICS

Home Economics is a field of education providing instruction and experiences in basic aspects of home and family life. It prepares girls for enriched personal living and for normal living together in home, family, and community groups. It is concerned with problems of feeding, clothing, and housing individuals and families with all the financial implications of budgeting, buying, and consumer problems; with the management of time, energy, money, and other resources; with child care and development; of relationships within the home and interrelationships within the community; with the vocational and avocational needs of individuals as they relate to the home; and with personality development.

During periods of national emergency the American home becomes the first line of defense. As soon as the war began, it became evident that many of the home front activities concerned our girls very closely and that certain new understandings, habits, and even skills had to be developed to make the girl more efficient as a member of a home front supporting an enormous effort. Homemaking training will aid her in going forward under what is sometimes a great pressure.

Miss Frances Duritsa is the teacher of Home Economics in the high school. Under her supervision, the girls of Sharon High learn to cook, sew, and understand homemaking. In addition to her classes, Miss Duritsa is called on to serve meals, sew costumes, and provide informal refreshments for school functions.

ATHLETICS

FOOTBALL

Coach Stewart's Tigers rolled up an impressive record this season having eight victories and only one defeat. Stewart had a strong backbone for this season's team from some of last year's Tigers, and these boys along with several newer members made one of the strongest teams Sharon High has had for a number of years.

In the opener, the Tigers gave a preview of the rest of the season when they mowed down Punxsutawney 39-0. Sharon showed a powerful offense and an impregnable defense. The scoring was well distributed with Cunningham scoring three times, Sample twice, Lysohir once, and Prelee putting three kicks through the uprights. We had a little tougher time taking Stowe, beating them 13-0. Our offense drove through them easily enough but couldn't get over that line that counts. Lysohir was the defensive giant of the game and Cunningham was the scoring star making all 13 points. The following week the Tigers easily trounced Alderdice 30-0 and their offense was again clicking. Bayer took it over twice, Cunningham twice, and Bailey plunged over for the final counter. Then we met our old foe New Castle. The Tigers proved too much for the Red Hurricane and weathered the gale to win 18-6. Cunningham scored twice to bring his total thus far in the season to eight touchdowns, and Bayer went over once. New Castle scored its touchdown on a last-minute pass to the end zone.

Sharon traveled to Meadville to push the Bulldogs all over their own field. Coach Stewart used his second string during quite a bit of the fray, and they showed up very well. Bailey carried the ball to paydirt twice, and Cunningham, Bayer, Ruffo, Green, and Koss all scored once to make the final tally 42-0.

Next the Tigers faced Hurst back on the home field and rolled over them 21-0. Sharon staged four long marches cashing in on three of them to prove their offensive power, and also fought off a determined Hurst on the one-foot line to show their defensive strength. Cunningham scored all three touchdowns and Bayer plunged over for the three extra points.

In a pouring rain we drubbed Brookfield 59-0 on a sea of mud that made running next to impossible and passing almost out of the question. Several hundred loyal fans stood in the rain and watched Coach Stewart's boys rain touchdowns. The second team played most of the game and they made most of the scoring. Lysohir, Bayer, and Green hit paydirt twice and Furey, Garay, and Ruffo each handed in one counter.

Then came Sharon's only defeat of the season when Farrell upset us 6-0 before more than 10,000 fans. Although Sharon High turned in one of its best games of the season, the Night Riders played a spirited game and just couldn't be beaten. The contest was a duel between the two front walls and each proved itself quite formidable. Cunningham, high scorer for Sharon, had his ankle broken when he was hit at the line of scrimmage and was put out for the remainder of the season. Phillip's first period touchdown remained the only touchdown of the game, and thus hangs a tale.

Sharon ended the season gloriously by traveling to Sharpsville and defeating them 13-0. The stadium was packed with 4,500 people who witnessed a hard-fought game with both teams turning in a great show. Coach Stewart used Garay in place of Cunningham who was watching the game from the bench because of his broken ankle, and Garay turned in a fine game making one extra point. Nick Lysohir, our great defensive and offensive quarterback, made the other tally.

Yes, Sharon High had a really great team this year!

BASKETBALL

Donald Moore

Our head coach, Donald Moore, although with us only two years, has proved himself a coach of high standing and has turned out two of the best teams Sharon High has had the good fortune of having. He took over as pilot of the Bengals in the middle of 1942-43 season when Pete Collodi left for the army.

"Dudey" Moore played basketball at Schenley High and Duquesne University. Before coming here he coached Trinity High, Washington, Pennsylvania, and Mt. Oliver High in Pittsburgh. Besides coaching, Mr. Moore teaches industrial mathematics, Westinghouse mathematics and algebra.

William Williams

Acting as assistant coach and head of the Junior Varsity, Mr. Williams has also proved himself a fine coach by the quality of the teams he turns out. His Jay Vees have an undefeated season and will provide good material for next year's Varsity team.

West Middlesex lost a lot when "Big Bill" left there to come to coach and teach here.

Jay Vees

We have a Junior Varsity Team to be proud of this year. They haven't handed in a defeat and have met some of the toughest teams in the district. Brookfield, Hickory, American Legion, Sharon Junior High, and Farrell have all fallen before them. The members of this team are the ones who will be playing for the Varsity Team in the next year or two and if they are well trained, it will mean better teams for Sharon High. Practice makes a better player and every night they practice from 6:30 to 9:30. We appreciate our Junior Varsity team and think Mr. Williams is doing a swell job.

BASKETBALL 1944-1945

The Sharon High Tigers started out the season right by decisively trimming Erie East 26-18. Coach Moore unveiled a team that looked mighty good, having three six footers, Butchko, Yarzab, and Koss under the hoop, and Nemetz and Marshall working the ball in the outer court. Sharon had the game won 19-5 at the half and continued playing brilliant ball to come out at the long end of the score. Butchko was high scorer with fourteen points.

The Bengals offense proved too much for the visiting Woodrow Wilson and we rolled over them easily 43-13. Moore used the second team much of the fray and they showed up very well.

Sharon met a team with a well rounded passing attack but no point makers. Although the Tigers lacked smoothness they had no trouble scoring up a 44-14 victory over Erie Technical. Paulie Nemetz, scoring ace of the Bengals, chalked up sixteen points.

We travelled to Youngstown South and had a victory over the Ohioans. Moore used Zipay as forward instead of Marshall, and "Zip" came through beautifully netting eleven points. The final score was 40-28.

Sharon met the Donora Dragons next and they proved the toughest foe we had met yet. The Tigers air tight zone defense kept the Dragons out and after a rough second half Sharon came out on top 39-24. Paulie Nemetz marked up fifteen points.

In the opener of the W. P. I. A. L. season the Tigers rolled over Aliquippa 36-20. The first half was close with the "Quips" fast cuts working well, but in the second half Sharon sharpened up to win easily.

Continuing their undefeated pace, the Tigers whipped New Brighton 41-25 at New Brighton. Sharon opened with a rush, scoring fifteen points before New Brighton knew the game had started. "Admiral" Nemetz led the way, caging nineteen points and bracing the defense.

Coach Moore shook the line-up some against Ellwood and finally ended up with a team of second stringers. The Ellwood City boys were outplayed in every phase and Sharon had an easy time marking up a 51-16 win.

Sharon High School's Tigers met their Waterloo with Beaver Falls. Switching men constantly, the Beaver Falls Tigers played a beautiful game that was thrill packed. Lupo, a Beaver Falls lad, made the winning bucket in the last seconds of play, Beaver Falls winning, 37-36.

Withstanding a terrific stretch drive, the Sharon Tigers outgamed the New Castle "Cats" to win 32-28. It was a close game with the Bengals maintaining a slight margin all the way but it was mighty slim at times. Nemetz, high scorer of the game, is now high scorer in Section Three of the W. P. I. A. L. league.

Sharon High posted a 40-35 victory over the Ambridge quintet to make their fifth victory in the W. P. I. A. L. League race. Paulie Nemetz was again high scorer, caging seventeen points.

Sharon High's Tigers defeated Farrell 42-31 in a sweet victory that placed Sharon in a three way tie with Beaver Falls and Farrell for the lead of Section Three. The Moore Men played a flawless game and outclassed Farrell every way they turned. It was a bitter pill for Farrell and a sweet tonic for Sharon. All the Tigers played a beautiful game, but Marshall's, Butchko's and Nemetz's defensive and offensive play was outstanding.

Paul Hoskins

We were very fortunate in winning Mr. Hoskins from Centerville High where he was all around athletic instructor four years ago. Well liked by everyone he is a very capable instructor in any form of physical education. He coaches the wrestling, golf, tumbling, and boxing teams, and is physical education director. His great popularity with the students is evidenced by their enthusiasm for his classes.

TUMBLING

That group of boys you see working out almost any activities period in the gym is Mr. Hoskin's tumbling team. He teaches them the split second timing that is necessary in modern war, and the value of a healthy, strong, and active body.

During the year they are exposed to the many forms of tumbling, parallel bar work, and pyramid building. Our tumbling cheerleaders are all members of this fine team.

Mr. Hoskins has thirty-four boys under his supervision this year: Mike Baron, Nick Bayer, Steve Benya, Henry Boca, Edward Cimperman, Fred DeNoble, Dale Homer, Donald Homer, Jack Hoyt, Andy Jacobs, James Harjar, Edward Kelch, Robert Kilbert, Edward Kraft, Sam Kurelko, Archie Laverty, Frank Lombardi, Nick Lysohir, Bob McNeelege, Harold Mitchell, Robert Morris, Gordon Miller, Steve Miklos, Mervin Shaffer, Orville Shaffer, George Smith, Norbert Smolen, Bob Sorosack, Alex Theofilos, Art Miller, Frank DeCiancio, James Kaiser, Vince Lang, and Frank Zagger.

WRESTLING

Another of "Coach" Hoskins groups is the wrestling team which meets once or twice a week. Mr. Hoskins coaches them on the many holds and gradually builds them into a group of boys with a better understanding of wrestling.

Mr. Hoskins would like to form a team to compete with other schools in the valley but as yet plans are indefinite.

Members of the squad are: James Vodenichar, Ronald Davies, Mervin Shaffer, Alex Theofilos, Henry Boca, Jerry Popow, Leo Smigel, Frank Zagger, Charles McCullough, Jack Hoyt, Vincent Lang, Bob Kilbert, Donald Burger, John Yendrick, and Bill Fury.

LEADERS CLUB

This group was organized three years ago to help instruct the girls' gym classes and to have girls on hand to answer calls from churches and clubs. Each girl can report to the gym any number of activities periods each week, but are required to be present thirty periods a year for instruction.

The girls help to teach dancing, marching, and calisthenics, and they referee basketball or other games. They also help with Indian club, relay races, or dumb-bell and wand drills.

When the required amount of work has been done by a girl, she receives a letter, usually at the end of her senior year. Barbara Zvarich, however, received one at the beginning of her senior year since she has been a leader for two years. Other seniors who will receive letters by the end of the year are Marian Keefer, Dorothy Mausser, and Evelyn Conley. Patricia Allen, Martha Heben, and Donna Sumner are working for sweaters their senior year.

The Club has grown from forty members when it was organized to one hundred twenty-two now.

LINCOLN'S words state very pointedly what we Americans are today fighting to preserve—a land OF, BY and FOR the people.

The first consideration of all is to lend every effort and cooperation to our government in this fight. Our task is one of supplying electricity to drive the machinery in America's vital war production factories, to light those factories, to operate radios and light homes and streets. Then, we lend our organized talent and skill to promote campaigns designed to further speed Victory. This job we will continue to do enthusiastically and faithfully.

The next consideration of all is to steadfastly keep in sight the immortal words of Lincoln so that the fundamental economics that made America great will not be lost in the inevitable confusion of this gigantic struggle. Free Enterprise and America, as we know it, are inseparable.

The graduating class of War Bond College in 1954

There's no such college, of course. But you get the idea.

Take that good-looking boy, third from the left, in the last row. That's Paul White. He's only 11 years old today. Ever since the war began, his parents have been buying War Bonds regularly. When the time comes, some of those bonds will pay his tuition, will make it possible for him to begin a college education which will end with "B.A." after his name.

It hasn't been easy for the White family to buy War Bonds. The knowledge that they were helping their Country and their boy at the same time inspired their saving. And at the end of 10 years—well—it would do your heart good to see the happy smiles on Mother's and Dad's faces at commencement time.

$3 plus $1 equals $4. Sounds like grade school days, doesn't it? It also describes what happens when you buy War Bonds. And as you buy War Bonds regularly you are launched on a plan for saving which will permit you to plan your spending at that future time when your dollars will be able to buy more.

★ ★ ★

- There is no "steam table" service at Villa Nova. Everything requiring cooking is started only after your order is received. The extra minutes necessitated by this particular attention are well rewarded by the complete satisfaction you derive from food painstakingly prepared, completely sanitary, and carefully served.

- "TO OUR PATRONS:

"We are sure our patrons realize that increasing food costs are having their effect upon restaurants. We are just as sure that you will agree with our policy of maintaining quality and service, rather than attempt to "save" by cutting corners on portions, good foods or in lowering the standard of our service.

"A slight increase in our menu prices represents increased costs to us, NOT INCREASED PROFITS. They also mean your complete protection against any lowering of our quality."
